

## PHOTO CHALLENGE

The manually operated level crossing in the last edition is at Rodidge, three miles north of Lichfield Trent Valley and a mile south of Alrewas, where CfR is pressing for a station to serve the National Memorial Arboretum. Modernisation of the crossing isn't expected until resignalling, possibly in 2022.

Where is this station entrance? The clue is in Latin: *'Domine Dirige Nos'* and *'Virtute et Industria'*. Two cities, but it is neither of them. Answer next time.

## TRIP OF A LIFETIME?
